

Detoxification

A Sunlighten sauna generates a sweat 7x more detoxifying than a traditional sauna.

Relaxation

Our saunas have been designed to encourage the purest form of relaxation and stress-reduction.

Weight Loss

Studies have shown an infrared sauna session can burn up to 600 calories. Sunlighten saunas showed a reduction in belly fat in just a 3 month period.

Heart Health

Our Solocarbon® heaters have been clinically shown to reduce both systolic and diastolic blood pressure.

Pain Relief

Researchers have found therapeutic benefits to back, neck and arthritis pain from continuous use of infrared heat therapy.

Skin Rejuvenation

The skin's appearance improves with regular use of a Sunlighten sauna, as pores open from the deeper sweat induced by our infrared therapy.

Bamboo Carbon Towels

Solopad® Bamboo Carbon CoverBambo Carbon is exceptionally soft and luxurious with unique characteristics. The Solopad® cover is lined with elastic for easy fitting and use!

- ▶ Naturally anti-bacterial, anti-fungal and deodorizing
